COAL SHORTAGE NEXT WINTER FORESEEN BY FED. RESERVE BOARD

CAR SHORTAGE CAUSE RATHER THAN LABOR TROUBLES

Through Strikes of Transportation
Workers in Local Groups Ac-
centuates the Congestion.

By THE ASSOCIATED PRESS: Washington, June 18.—A coal shortage next winter, which may curtail production of iron and steel and seriously affect industries, was foreseen by the Federal Reserve Board in its review tonight of business, industrial and financial conditions for May.

The situation is acute in some districts, according to the board, and production in many lines is being held down.

Production of coal is being curtailed chiefly as a result of car shortage the reserve board reports. It estimated the car supply at mines in the east is only 30 per cent of normal. Labor difficulties, while complicating the situation, are considered by the board as only a minor cause of the reduced coal production.

In the southwest, according to the review, many mines are operating at only two-thirds capacity. Coal shipments to cities are reported as light. Commenting on the far reaching effect of the car shortage, and freight congestion, the board states that reports of its agents indicate that the "transportation tie-up is largely the result of the railroad strike, which still continues over a large section of the country."

The congestion is further accentuated, according to the board, by local strikes of other groups of transportation workers.

Sporadic strikes in other industries particularly in textiles, indicates unrest. Little hope for a general reduction of prices is held out by the board, though it suggests that recent changes in prices may furnish the basis for a more far-reaching alteration in the essential price structure.

The outlook, the board says, has been such as to cause a severe curtailment in the volume of stock and securities transactions.

Rotary Well Entertained.

Rotarians and their visitors were well entertained yesterday. Harry Baker, in charge of the program, having secured four musicians and a speaker from the Chautauqua. Miss Frank and Mr. Stanton gave vocal solos and a duet, accompanied by Miss Crangle, pianist and Mr. Bowler, violinist. Dr. R. E. Pattison Kline, the lecturer, spoke briefly on the solidarity of the human race, asserting that neither the individual man or the individual nation can live alone. Both music and addresses were greatly enjoyed.

Broke An Arm.

The little son of Miss Lena Murphy fell and broke an arm while playing yesterday.

MRS. B. C. JOHNSON DIES AFTER LONG ILLNESS

Mrs. Tommie Johnson, the wife of Ben C. Johnson of Abilene, died at 10:30 o'clock yesterday morning at the home of her brother-in-law, S. D. Johnson, at the corner of 30th and Clarkville streets.

She had been in bad health for several months and was brought here last February and placed in St. Joseph's Infirmary, where she was born a patient for some time. She was born and reared in Paris and was Miss Tommie Walton, the daughter of Thom Walton, before her marriage to Mr. Johnson, who was well known in the cotton business.

She moved with her husband to Abilene about six years ago. She is survived by her husband and a son eleven years old. She also leaves the following sisters: Mrs. C. L. Zinn of Amarillo; Mrs. H. M. Cox of McAlester, Ok.; and Mrs. J. W. Prock of Paris.

The funeral services will be held at 4 o'clock this afternoon at the home of S. D. Johnson and will be conducted by Rev. B. E. Wallace, pastor of the First Presbyterian church. Burial will be at Evergreen cemetery.

To Stay With Daughter.

Mrs. M. E. Hutchings of Broadway received a telegram yesterday from San Antonio stating that her son-in-law, Judge Hardy, formerly engaged in farming near Howland, who went out to San Antonio some time ago for his health, would have to undergo an operation. She will leave this morning to be with her daughter during the ordeal.

Died From Cancer.

George A. Burnett, a farmer whose home was at Bogata, died at the Sanitarium Thursday night from cancer. He had been a patient at the Sanitarium only a few days. He was fifty-six years old and leaves a family. The remains will be taken back to Bogata today for burial.

Has Bronchial Pneumonia.

W. L. Rea, who was in the city from Broadway last night, reported that his fifteen-year-old son was very ill with bronchial pneumonia.

CONTRACT SIGNED FOR ANOTHER CHAUTAUQUA WITH 7-DAYS PROGRAM

Charles F. Horner's own company of singers and instrumentalists was the attraction at the Chautauqua last evening; and most creditably did they acquit themselves. There was good singing and excellent violin playing.

The program comprised ballads, operatic selection, hymns and spirituals; and throughout there was enjoyment on the part of the audience.

There are some twenty in the company and it is well balanced. The voices blend and the ensemble received repeated applause, more especially in the final selections, a medley of Southern folk songs and two hymns. Rev. W. E. Kendall made an address to the audience in which he stated that contract had been entered into for next year, when there will be seven days instead of six on the program; that there will be a better program than this year, though he did not see exactly how that could be accomplished.

He asked for signatures of guarantors and that there be at least sixty to sign the list. There is reason for desiring that the matter be concluded without delay and probably forty of the leading citizens of Paris stood as a promise that they would sign the roll.

There will be no deficit this year, as is usual; and the matter of the guarantee has grown to be largely a matter of form though bad weather would probably interfere.

DR. KLINE TELLS THE MEASURE OF AN AMERICAN

The measure of an American must be his faith in the Ten Commandments, the Constitution of the United States, and the Declaration of Independence, according to Dr. Patterson Kline, who at Chautauqua yesterday afternoon spoke most convincingly and eloquently on the position of our country as "Strategic America". He sketched the history of the American people and its ideals, and their effect upon ourselves and other nations, citing instances where America has become the leader in world affairs, and the creator of precedent.

Today's chief source of danger is in the great mass of the uneducated and the susceptibility to the seditious teachings of Bolshevism and its kindred cults. The solution is easy, he said, to state, but its application is not so simple. To stand the test, a man must be able to conform to, and have faith in the fundamental principles of liberty, as set forth in the Declaration of Independence; he must set no obstacle in the open road to education, betterment and development.

America must be the missionary of the world, but first, she must cure her own ills, rid herself of the bohemian radicalism, the undermining influence, from the strikers to the parlor socialist, that now are causing such confusion. She must make herself a fit leader and guide for the oppressed nations of the world and be a light to those that sit in darkness.

DR. GRANT DIES JUST AFTER REACHING HOME

Dr. Ben S. Grant, a well known resident and physician of Deport, died late Thursday evening at his home.

He was brought to Paris last Sunday night for an operation, but when he was placed and an incision was made it was discovered that he was suffering from cancer of the stomach, an incurable malady.

When he realized the hopelessness of his condition he expressed a yearning desire to be carried back home. His wish was complied with, although it was realized that he might die on the road. He was carried down in an ambulance and died just after reaching home.

Dr. Grant was about sixty years of age, was from near Deport and had spent all of his life in Lamar and Red River counties. He practiced medicine several years at Woodland and Kanawha, and the rest of the time in and around Deport.

He is survived by a large family. Walter Grant, Miss Mel Grant, Mrs. Scott Ferguson and Mrs. Nobles, of Deport; Mrs. Brown of Bogata and a daughter whose home is in East Texas being among the children.

An Accident Patient.

J. P. Dockery, a carpenter, was brought to the Sanitarium yesterday from Detroit. While he was at work on a building he fell and broke his nose and an arm and sustained severe bruises, but the injuries are not thought to be serious.

Sinn Feiners Attack Police.

By THE ASSOCIATED PRESS: Corktown, Ireland, June 17.—One hundred Sinn Feiners today attacked the police barracks here and drove the police to the upper part of the building. They withdrew after two hours of fighting. Two police constables were wounded.

Ex-Kaiser Reported Ill.

By THE ASSOCIATED PRESS: Berlin, June 18.—The Nurnen Badische Land Zeitung learns from trustworthy source that the former German emperor is critically ill.

FORMER BANK CASHIER ARRESTED AT COOPER MAKES BOND IN PARIS

Lawrence E. Stell, former cashier of the Farmers' National bank of Cooper, was arrested at that place yesterday morning by United States Deputy Marshal J. L. Satterfield on a complaint that was sworn out by Fred S. Mansfield, a national bank examiner, charging that while he was acting as cashier of the Farmers' National bank he abstracted and embezzled and misappropriated the sum of \$200,000 belonging to the funds of the bank.

The defendant arrived in Paris on the noon train from Cooper in charge of the officer and was carried before United States Commissioner Jno. S. Stone, where he waived preliminary examination, and the bond was fixed at \$25,000 for his appearance at the next term of the federal court at Paris to await the action of the grand jury.

Th bond was executed in time for the defendant to catch the next train back to Cooper. The sureties on the bond were A. S. Harper and S. D. Culp of Cooper and J. D. B. Baker of Paris.

Simultaneous with the filing of the complaint against the defendant by the bank examiner the Farmers' National bank filed a petition in equity for conversion and damages against Lawrence E. Stell, L. G. Moore & Company and A. S. Harper of Cooper, and C. E. Fenner and A. C. Beane, who are alleged to be residents of New Orleans and engaged in business there.

At the same time that the complaint was sworn out by the bank examiner and the suit in equity was filed J. A. Blackwell of Cooper, the Cooper Mercantile company and the Delta National bank of Cooper filed a creditor's petition against Lawrence E. Stell asking that he be adjudged an involuntary bankrupt.

Will H. Arnold of Dallas represented the plaintiffs in the civil proceedings. He came up from Dallas Thursday night and the papers were prepared in the office of United States Commissioner Stone.

HOOVER BREAKFASTS WITH AND BOOSTS HARDING AND REPUBLICAN PLATFORM.

By THE ASSOCIATED PRESS: Washington, June 18.—Senator Warren G. Harding, the republican presidential nominee, today answered President Wilson's challenge to make the peace treaty the dominant issue in the coming campaign with a statement that the republican party would "gladly welcome a referendum on the question of the foreign relations."

The republican candidate in further replying to President Wilson's declaration, as contained in an interview published today, expressed confidence that "the republican attitude of preserved nationality will be overwhelmingly endorsed."

Mr. Harding's assertions were closely followed by a statement by Herbert Hoover, endorsing the choice of the Chicago convention and urging all republicans to support the national ticket.

Mr. Hoover issued his statement after a breakfast conference with Senator Harding.

The conference, it was explained, was part of the republican nominee's general plan of meeting party leaders.

The former food administrator said the republican platform, for the most part, was constructive and progressive and the compromise plank on the treaty and labor and other subjects were susceptible to a "forward-looking interpretation."

Some issues, including election expenditures and primaries, he said, "were not abundantly dealt with," however.

MOBILE GIVEN CLEAN BILL OF HEALTH SO FAR AS PLAGUE CONCERNED

By THE ASSOCIATED PRESS: Mobile, Ala., June 18.—United States public health officials, who have been investigating health conditions in Mobile since May 1, left tonight for Pensacola. They gave Mobile a "clean bill of health" as a result of their search for bubonic plague infection.

Embargo on Pensacola.

Montgomery, Ala., June 18.—To prevent spread of bubonic plague an embargo has been placed on freight from Pensacola until such time as the United States public health service is able to inspect and fumigate all freight cars leaving that city.

This announcement was made today by Dr. S. W. Welsh, state health officer, upon his return from Pensacola.

CLAIM 700 DELEGATES TO FRISCO FAVOR USE LIGHT WINES AND BEER

By THE ASSOCIATED PRESS: Chicago, June 18.—Walker W. Vick of New York, campaign manager for Governor E. I. Edwards, of New Jersey, in Chicago today on his way to San Francisco declared in a statement that there would be "not less than seven hundred delegates in the democratic national convention in favor of a modification of the Volstead act, permitting use of light wines and beers in such states as desire or regulate its use."

"Opposition to the eighteenth amendment is not today a political issue," Mr. Vick said, "but the Volstead act is open to amendment as has been pointed out by Governor Edwards and such a distinguished person as Senator Lodge."

WATER POWER BILL IS SIGNED BY PRESIDENT AND HAS BECOME LAW

DID NOT SIGN RESOLUTION REPEALING WAR TIME LAWS

Among Measures Approved Was One Reimbursing McGarvey For Set of Teeth Lost in Accident.

By THE ASSOCIATED PRESS: Washington, June 18.—The water power development bill, ten years in the making, finally has become a law. Announcement that President Wilson had signed the measure prior to June 11 was made late today at the White House.

At the same time it was announced that he had failed to sign the joint resolution repealing most of the war time laws and the Underwood resolution providing for negotiations with Canada relative to the embargo on the shipment of wood pulp to the United States.

Another bill which failed to receive the president's approval would have authorized the war department to transfer motor equipment to the department of agriculture for road construction and other work.

Besides the water power measure the president signed seven bills passed in the closing days of the recent session of congress. They included an act authorizing the enlistment in the naval and army services of non-English speaking aliens; an act paying for a set of false teeth, and five bridge bills.

No explanation of the delay in announcing the president's approval of the water power measure was made. The White House statement said:

"The president, having been advised by the Attorney General in formal opinion that the adjournment of congress does not deprive him of the ten days allowed by the constitution for the consideration of a measure, but only in case of disapproval of the measure, he has taken the opportunity to return the measure within the ten day period. Of course the bills not signed failed to become law under the usual practice."

One of the bills approved would reimburse Michael McGarvey, a Brooklyn navy yard worker, for a set of false teeth which he lost in an accident while at work in the yards. The measure authorized payment of \$25.

FEDERATION OF LABOR RE-ELECTS SAM GOMPERS FOR THIRTY-NINTH TIME.

By THE ASSOCIATED PRESS: Montreal, June 18.—The American Federation of Labor again expressed its confidence in the leadership of Samuel Gompers, its veteran president, when it re-elected him today for the thirty-ninth time at its fortieth annual convention here, and returned to office his entire administration.

His election was virtually unanimous. The only delegate who voted against him was James A. Duncan, of the Seattle central labor council, leader of the progressive wing of the federation.

The delegates gave their leader a tremendous ovation when he declared:

"I accept the call to duty and I will obey."

He was much affected by the demonstration. Mr. Gompers explained that the federation had not changed its views in connection with the use of light wines and beer, manufacture and sale of which was advocated by the convention last year.

The convention then adjourned until tomorrow.

Americans In Tennis Finals.

By THE ASSOCIATED PRESS: London, June 18.—American victories were in order at Queens Club today and William T. Tilden, of Philadelphia and William M. Johnston of San Francisco, the American Tennis Club champion, will oppose each other in the finals for the London Lawn Tennis championship.

Is Still Very Ill.

The condition of T. U. Johnson, who has been seriously ill at St. Joseph's Infirmary several days, is unimproved.

BIG HARNESS RACES ARE ATTRACTING ATTENTION

J. M. Caviness and Joe Graham of Paris attended the opening of the race meet at Clarksville on Thursday and they returned highly elated with the fine exhibitions on the turf that they witnessed.

Mr. Caviness stated that there were about eighty horses in the list of trotters, and that the races that were put on the first day were the best races that have been seen in this part of the state in many years.

The horses were all reported to be looking fine and as being high speeders. They will be at Paris Thursday, Friday and Saturday of next week at the fairgrounds, and the visitors who went from here to see them unhesitatingly declare that those who attend will certainly get their money's worth.

A god many of the racers will be new horses that have never been seen here before. There will be five different states represented in the meet. Lively interest has already been shown in the meeting and a large attendance is expected.

M'ADOO WILL NOT ALLOW HIS NAME TO BE PRESENTED

BY THE ASSOCIATED PRESS:

New York, June 18.—William G. McAdoo, who has been considered by party leaders as one of the principal candidates for the democratic presidential nomination, announced tonight he could not permit his name to go before the San Francisco convention.

"This decision," he said, "is irrevocable as the path of duty seems to me clear and unmistakable."

His decision was announced in a telegram to J. Louis Sprouse, democratic delegate at large from Kansas, who had telegraphed Mr. McAdoo that sentiment throughout the country was rapidly crystallizing in his favor; that his friends would like to have him permit his name to be presented to the convention and that they were certain he could be nominated and elected.

Mr. McAdoo's telegram follows: "Your telegram of the 17th.

"I am profoundly grateful to you and my other generous friends, who with such spontaneity and unselfishness have without my solicitation advocated my nomination. To cause them disappointment distresses me deeply, but I am unable to reconsider the position I have consistently maintained, namely, that I would not seek the nomination for the presidency. I cannot therefore, permit my name to go before the convention; that decision is irrevocable as the path of duty seems to me clear and unmistakable."

Must Provide for Family.

"The considerations which compelled me to resign as secretary of the treasury and director general of railroads after the armistice in 1918, in large measure still prevail. I must have a reasonable opportunity to rehabilitate my private affairs and to make that provision for my family which, in time of peace, is at once the sacred duty and the cherished desire of every right thinking man. Having been out of office less than eighteen months I have not yet been able to accomplish these obligations. Moreover, a presidential campaign imposes upon the candidate unavoidable expenses which I am unable to assume, and which I do not want my friends to assume."

"The record of the present republican congress and the platform and candidates of the republican national convention make democratic victory in the next election almost certain. Victory will be certain if the democrats adopt a straightforward, unqualified platform and put forward candidates who will command public confidence. We must stand squarely for ratification of the league of nations without debilitating reservations and we must be direct and explicit in the important domestic issues."

Mr. Sprouse declared that the movement for the nomination of Senator Glass "has already reached formidable proportions, and his supporters assert that he will occupy from the first ballot, a commanding position in the race at San Francisco."

"Senator Glass has been among the most enthusiastic of the McAdoo supporters," said Mr. Sprouse. "It is true the Virginia delegation was instructed to support its senator, but it was understood that Senator Glass expected to throw his support to Mr. McAdoo."

News of the McAdoo withdrawal in Washington today was followed by the announcement by a number of the most loyal McAdoo men that they would exert themselves to the limit on behalf of Senator Glass.

They predicted that the suggestion of Senator Glass will meet with instant response and favor, not only in the south, but in many sections of the east.

M'ADOO ANNOUNCEMENT INTERESTS DELEGATES

BY THE ASSOCIATED PRESS:

San Francisco, June 18.—Announcement by William Gibbs McAdoo that he could not permit his name to be put before the democratic convention divided interest here today with the arrival of leaders of the Governor Cox forces, and a declaration by Mrs. Abby Scott Baker of the National Women's Party.

"Our party will demand that the democrats give us the thirty-sixth state," Mrs. Baker said. "In other words, that they use their influence to add the one ratification by a state legislature of the national suffrage amendment to the constitution necessary to make suffrage a national law. A resolution in the platform will help, but instructions by the powers that be, in the democratic party, to those lower down, is what will count most of all."

Mrs. Baker charged the republican convention with having dodged the suffrage issue. In Vermont and Connecticut there are republican majorities in the legislature which would ratify the amendment on instructions from the party leaders, she said.

Mrs. Antonette Funk of Washington, D. C., who has been working in behalf of Mr. McAdoo's candidacy, said his announcement was something that had been feared for a long time.

"As a matter of fact," she said, "he prepared a similar statement before this and his friends induced him to hold it up."

"However, I have heard him say many times that if the people through their delegates called upon him to take the nomination, it would be his patriotic duty to accept."

The first formal meeting of the subcommittee on arrangements was held today, Homer S. Cummings, chairman of the democratic national convention committee, presiding.

After the meeting of the subcommittee on arrangements, the following appointments were announced, subject to the approval of the national committee, which is to meet June 25.

Temporary chairman, Homer S. Cummings, Iowa; Secretary, Edward G. Hoffman, Indiana; Executive secretary, W. R. Hollister, Missouri; Chief reading secretary, Representative Thomas F. Smith, New York; Chief tally clerk, A. R. Cranfield, Michigan; parliamentarian, Clarence Cannon, Missouri; former parliamentarian of the house of representatives, sergeant-at-arms, J. J. Hughes, Oklahoma; chief door keeper, J. J. Sinner, Virginia; official reporter, Harry Couch, Indiana.

REFUSAL OF M'ADOO TO BE CANDIDATE LEAVES ELEVEN IN CONTEST

SOME HAVE INSTRUCTED DELEGATES TO GO IN WITH

Senator Glass Declares He Is Still In Favor of McAdoo Despite Late Statement.

BY THE ASSOCIATED PRESS:

Washington, June 18.—Refusal by William G. McAdoo to allow his name to be presented to the democratic national convention apparently did not come as a very great surprise in inner-administration circles here. To leaders in Washington it seemed to be wholly unexpected and to his friends it was a keen disappointment.

Some party leaders said Mr. McAdoo's self-elimination left the situation more or less "in flux." They had regarded the former secretary of the treasury as one of the foremost candidates for the nomination. While Mr. McAdoo had insisted from the first that he was not a candidate and that the delegates should go to San Francisco uninstructed, it is known that a number were favorable to his candidacy.

The Virginia delegation has been instructed to vote for Senator Glass at San Francisco.

The elimination of McAdoo narrows the field to eleven contestants so far as is now known. Attorney General Palmer will enter the balloting with the Pennsylvania delegation instructed for him and probably with at least a part of the delegation from Georgia for him. Delegates from Ohio and Kentucky have been instructed for Governor James M. Cox of Ohio, while those from New Jersey have been instructed for Governor Edward L. Edwards of New Jersey.

Other instructed delegations are: Nebraska for Senator Gilbert M. Hitchcock of that state; Iowa for Secretary Meredith of the agricultural department; Oklahoma for Senator Robert L. Owen of Oklahoma; South Dakota for James W. Gerard, former ambassador to Germany; North Carolina for Senator F. M. Simmons and Oregon for McAdoo.

J. W. Davis of West Virginia, ambassador to Great Britain, and Homer S. Cummings of Connecticut, chairman of the democratic National Committee, whose names are expected to be presented to the convention, have no delegations instructed for them, and with the exception of the states named the delegations are uninstructed.

Glass Still for McAdoo. Washington, June 18.—Senator Glass of Virginia, in a statement to the Associated Press tonight, declared he still favored the nomination of William G. McAdoo by the democratic party for president, notwithstanding Mr. McAdoo's decision not to permit his name to be presented at San Francisco.

Told that some supporters of Mr. McAdoo now were planning to urge his nomination, Senator Glass said: "I still favor Mr. McAdoo's nomination. Even if I could measure up to the stature of the kind of man whom the convention should really nominate, I live in a section that is relied upon to furnish electoral votes but not to supply the candidate."

ADVENTIST SPEAKER PRAISES LAWS OF GOD

"There are many people in the world today who are able to read character at sight, but we desire to go a step farther, and read God's character in his handwriting," so declared Evangelist Taylor in his lecture at the Bible Chautauqua last night.

"While the Bible itself was written by holy men of God as they were moved by the Holy Ghost, we find that the law itself was written by God's own finger (Deut. 4:12, 13)," he said. He pointed out that it is a generally accepted fact that the character of a ruler is manifested in his laws; hence we may read God's character in His Law, which is His own handwriting.

Mr. Taylor then showed that David considered the law perfect. (Ps. 19:7.) Paul said it was holy, just and good. (Rom. 7:12) while Mr. Moody and others of our more modern writers go on record as heartily indorsing its purity and perfection.

He then showed how the love of God is manifested in each commandment, and how obedience to each of those commandments brings peace to the heart; how Jesus emphasized the fact that all the Law and the prophets hinge upon the fundamental principle of love (Matt. 22:35) that Paul declares that love is the fulfilling of the law (Rom. 13:10). He closed with the emphatic statement of John the Beloved that God is Love.

The subject for Sunday night will be "The Coming of Jesus and the End of the World."

Back From Fishing Trip. R. L. Reed, W. H. Caldwell and Oscar E. Edwards returned Thursday night from a fishing trip on the Kiamita river at the mouth of Lone creek. They spent three or four days in camp and had an abundance of fish. They also caught two soft shelled turtles, one of which they cooked and ate. They stated that it made an excellent dish.

THE WEATHER

* East Texas, Saturday and Sunday, cloudy, probably scattered showers.

* Oklahoma: Saturday, generally cloudy, slightly warmer; Sunday, probably unsettled weather.

* Paris, Texas, Saturday and Sunday, cloudy, probably scattered showers.

* The colored citizens of Paris will have a big celebration of Emancipation Day at the fair grounds today.

They have a program which will fill most of the day and there will be a number of addresses. The anticipation is that there will be colored citizens here from all over Lamar county and probably from some of the adjoining counties and the crowd will be one of the largest gathered in Paris for many years.

THE PARIS NEWS

Published by North Texas Publishing Company.

Every Morning Except Monday
Office, North Main Street, Opposite
Court HouseEntered at the Postoffice at Paris,
Texas, as second-class matter.

Notice to the public: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publishers.

If You Don't Get Your Paper.
Please make a complaint about it. The Morning News is making strenuous and continuous efforts to have the paper delivered every day and on time. If there is no complaint we do not know that there is ground for it. Telephone 194.Authorized Collectors.
Authorized collectors for The Paris Morning News are Reagan Hurt, bookkeeper; J. W. Cannon, advertising solicitor; Harry R. Cox, advertising solicitor; Frank R. Humphrey, city circulator. Payments should be made to no one else.Political Advertising.
All political advertising matter will, under the statute, be marked to designate that it is being paid for.

Puffs and boosts for candidates whether written by themselves or their friends, will be charged for at the rate of 10 cents a line, counting six words to the line.

All political advertising of whatever character will be collected for at time presented for publication. No bills will be made. This rule being made applicable to all can give no offense to any.

The same rule will apply to State, district and county aspirants for office.

THE MAYOR'S PROMISE.

The promise of the mayor that he will within a short time have to offer to the people of Paris a solution for the water problem is most encouraging to those who have long awaited the time for some presentation of the subject.

But the city council should without delay make public announcement that the filters have been fixed. That is a matter for which there is little excuse.

In the meantime, the Morning News will most respectfully urge that there be no presentation of a tentative solution of the water problem without inclusion of an investigation of the Round Prairie proposition.

That is a point upon which there should be thorough satisfaction of the minds of the people of Paris before they are asked to vote bonds for putting in a water system. In fact, they will be most desirous of having all the facts presented to them when that time comes; and the council may save time in the end by gathering all the data.

THE SOUL OF AMERICA

In asking the question whether the soul of America is worth saving, Dr. Loveland has presented a thought which is running through all of the National papers and the magazines.

Undoubtedly the soul of America is worth saving; and also, without doubt, that soul is now being tried in a manner which is without parallel. True, the war between the sections was a

soul-trying period; but it is nothing to compare with the present day.

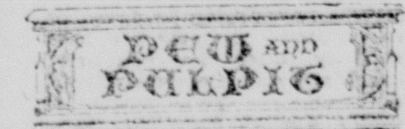

The "smart" folks who believe that they give evidence of brains by advocating the bolshevik should be shown that they can't be true Americans and hold such ideas. Dr. Loveland has pointed the way for every citizen of Paris who heard him to undertake some part of the reaction against the dangerous tendencies exhibited by these "smart" folks.

THE ROAD PROGRAM

The fact that the road board has exceeded the amount of money available in order to get the work under way need not be particularly disturbing.

That there is such universal demand for the construction of the roads assures that when the times comes there will be a vote of confidence in the way of additional funds for their completion.

If the contractors will get the program completed as to the construction of the bridges and culverts and get the concrete through the heretofore impassable bottoms the farmers of Lamar county alone—to say nothing of the other business men—will have enough money this fall to more than pay for the surfacing of the roads.

Lamar County Baptists to Meet for
Department Session

On Friday night, June 25, at 8:15, the pastors, laymen and women of the Lamar county Baptist association will meet with the West Paris church. The meeting, which is to be the last before the Annual Association, (scheduled for August 15) will continue on through Saturday; plans of vital importance to the work of the denomination will be discussed.

Dr. J. L. Gross, enrollment secretary who is to preach Friday night, will speak Saturday morning at eleven o'clock on "Enlisting Our Forces in an evangelistic campaign". Dr. E. C. Routh will speak both Saturday afternoon and night.

A cordial invitation is extended to the Baptists over the county, by the pastor, Rev. E. S. Hutcherson, and the members of his congregation. Lunch will be served Saturday at noon at the church.

Church Orchestra Organized.

The First Christian church has added an interesting feature to its services and a valuable addition to their musical program, in the establishment of a four-piece orchestra. This increase to a great extent the musical possibilities, and assist materially the choir's work.

The personnel is composed of Mr. Gartland, violinist, Mr. Philip Biard, cornetist, Mr. Mohr, trombonist, and Mr. Custer, clarinetist.

Leaving on Vacation.

Mr. L. E. Conrad, assistant pastor of the First Christian church, and wife, leave tomorrow evening to spend a month in Bloomington, Ill. Mr. Conrad's old home. They anticipate a pleasant time, during this vacation among friends and relatives.

Announcement of Saturday Market.
The ladies of the Bonham street Methodist church have voted to have their Saturday market only once a month. The date of the next one will

be July 10th, and it will be held at Crook-Record company.

First Baptist Ladies Hold Market.
The ladies of the First Baptist church announce their Saturday market for this afternoon at 2 o'clock. It will be held at Midway's Hat Shop.

CHILDREN'S FAIR AT THE CHAUTAUQUA TODAY

This morning, the children's department of the Chautauqua will hold its fair, which is to be one of the most interesting of its kind ever held here. During the past week, the children of Paris—there were two hundred present the first morning—have gathered to hear stories and to learn games and folk dances under the direction of an instructress trained in this field of work.

There will be on display this morning, beginning at half-past ten, exhibits of all sorts, entered by boys and girls under fifteen years of age. Eligible to this are manual training, domestic art and similar products, as well as pets, either poultry or animals raised by the children.

The child who grows up with the Chautauqua idea is likely to remain a patron as he grows older, and to become a more intelligent, more well informed citizen through its influence. For this reason, the Chautauqua has its junior department with the things especially attractive to the youthful mind.

The Boy Scouts are assisting in the sale of tickets for today's attraction, and will share equally in the profits.

TAXPAYERS SHOULD TALK BEFORE TAXES ARE LEVIED

To The Voters of Lamar County:

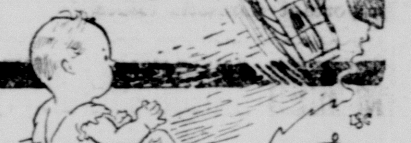

Now that the legislature has adjourned, after having added several millions of dollars to the appropriations made by the general session, aggregating approximately \$18,000,000 you can begin to ponder what you will say next fall when you go to pay your taxes. The present legislature has broken the record for appropriating the public money, but the ordinary citizen has little to show for it. He must, however, pay the bill. I am of the opinion that the people are in favor of a change in this kind of legislation. But should they wait to decide this matter until taxpaying time it will then be too late to complain as their representatives in the legislature will have been elected. If you are satisfied with these conditions, then you should not worry, but

Sure Relief

BELL-ANS FOR INDIGESTION

YOU NEED PRICKLY ASH BITTERS To Relieve Heartburn and Indigestion

Baby wants a electric fan. Get him one as soon's you can.

When the torrid days come to fret the baby and the nasty flies are making him pug his little nose in wrinkles of disgust one of the fans we are now showing will drive the heat and the flies away. It is reasonable summer time comfort for the whole family. Buy an electric fan.

CANNED GOODNESS

If you are not satisfied you should take an interest in the July election.

In view of the fact that labor is scarce, I am in favor of a law whereby by all short term convicts may be worked on the public roads, thereby insuring sufficient labor with which to keep the roads in good condition.

I am in favor of cutting the appropriations to the minimum and there by reducing the burden of the taxpayer.

Respectfully,
C. A. MARTIN.

Good clean cotton rags wanted at the news office.

W. E. Hogue Mfg. Co.

Our automobile painting, trimming and varnishing department is at your service. Also new tops, curtains and upholstery. We do acetylene welding. Get our estimates. All work guaranteed. Corner Bonham and 15th streets.

Good For Indigestion

If you are troubled with indigestion take a few doses of Chamberlain's Tablets. The strength of the stomach and enable it to perform its functions normally. They also cause a gentle movement of the bowels. You will be surprised when you see how much better you are feeling after taking a few doses of them.

HARVEST TIME

For the convenience of users of McCormick and Deering harvesting machinery, and P. & O. implements, we will have some one at our store, 19-21 Clarksville street, each night until eleven o'clock. Ring 108 or 352. Marchbanks & Dohoney Co.

Perfect Health is Yours
If the Blood is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an

opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specific Co., 112 Swift Laboratory, Atlanta, Ga.

Dr. THACHER'S LIVER AND BLOOD SYRUP

It's A Good Sign

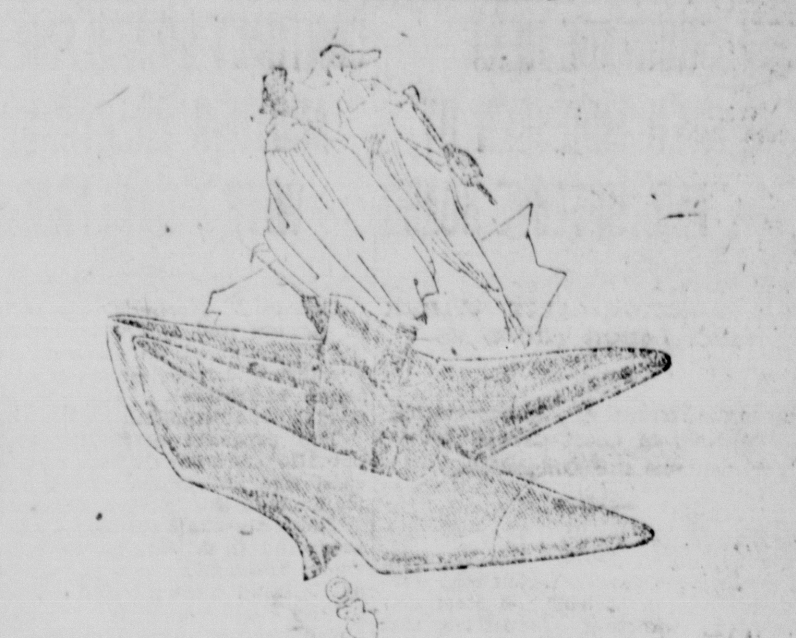

that your liver's out of order and your blood's weak and watery, when you wake up with "an awful taste in your mouth" and "about as tired as when you went to bed." Better get busy with Dr. Thacher's Liver and Blood Syrup. It'll put your liver and bowels in good shape and brace you up all over. Finest kind of a FAMILY TONIC—in use for 68 years. On sale at your drug store.

Mr. and Mrs. J. H. Nelson, Carthage, Tex.: "We have used Dr. Thacher's Liver and Blood Syrup for many years. It has been our only doctor when sick and in a run-down condition."

Little Stories for Bedtime

The Hunt for the Lost Baby.

By THORNTON W. BURGESS.

No one ever forgot that great hunt through the Green Forest for Unc' Billy Possum's lost baby. Everybody took part. Happy Jack Squirrel, Chatterer the Red Squirrel, Striped Chipmunk, Johnny Chuck, Jimmy Skunk, Danny Meadow Mouse, Bobby Coon, White-foot the Wood Mouse, even old Mr. Toad. Billy Mink and Little Joe Otter came up from the Smiling Pool. Sammy Jay and Blacky the Crow, who seldom do anything for any one but themselves, helped in the great hunt. You see they all had learned to think a great deal of Unc' Billy Possum.

They looked in hollow trees and old logs. They peered under rocks and behind old stumps. Every place that they could think of where Baby Possum might hide was looked into, but not a trace of the lost baby could they find. Every once in a while one of them would come across Reddy Fox. Reddy always appeared to have no interest at all in the search, but the minute he thought he was alone, down went his sharp little nose to the ground and he ran swiftly this way and that way, hunting for the tracks of the lost baby possum.

For a while Reddy was badly puzzled, for you see he found the tracks made by the seven other Possum children when they had been playing about with their mother. But by and by he found one lone, little track that led away from the others. Reddy gave a little yelp of delight and began to gallop along the trail. And as he ran his mouth watered, for he was thinking of what a good dinner he would find at the end of the trail. The more he thought of it the faster he hurried, for he was dreadfully afraid that some one else would find the lost baby.

Now, all the time Peter Rabbit was following Reddy Fox, though Reddy Fox didn't know it. Peter Rabbit had guessed what was in Reddy's heart and he knew just how keen Reddy's mind that Reddy would be the one likely to find Unc' Billy Possum's lost baby, and that when he did—Peter didn't like to think what

And Behind Reddy Fox Dodged Peter.

Reddy Fox followed, and as he ran his mouth watered, more and more. He grinned wickedly as he remembered how old Mrs. Possum had said that she hoped he would find her lost baby.

And behind Reddy Fox dodged Peter Rabbit, never once losing sight of Reddy but keeping out of sight himself. Suddenly Reddy lifted his nose and sniffed. Then he sniffed again. He had reached the end of the trail and he could smell the baby possum himself!

Peter Rabbit saw Reddy stop and look up in a black birch tree. Peter looked, too. What he saw made him nearly give himself away by laughing out loud.

Next story: What Peter Rabbit Saw.

Bradstreets Review

New York, June 18.—Bradstreets tomorrow will say: "Need quiet in new buying at wholesale and from manufacturers, fair purchases at retail stimulated by price reductions and better weather, continued complaints of railway congestion affecting receipts of raw materials and shipments of manufactured goods but, on the favorable side, an apparent country-wide improvement in grain and cotton crop conditions are the outstanding features of the week."

Best reports as to trade distribution come from the west central regions, but here at wholesale as well as at retail the talk of conservatism in buying is more pronounced. In big industrial centers of the east and particularly at textile centers and markets the feeling is rather more quiet. Indeed, in raw wool, hide and leather, cotton and woolen piece goods lines mention is made of dullness surpassing that of many years in June. Cotton goods, especially yarns and semi-finished lines like print cloths and gray goods, prices are weaker and curtailment of yarn production is noted at some southern centers. Southern and pacific coast trade, the last to feel the quieting

Weekly Cotton Review

New York, June 18.—The cotton market has been under the influence of unfavorable trade advices and improving crop accounts during the greater part of the last week.

October contracts sold as low as 34.30 today, making a decline of nearly 2½ cents per pound from the high price touched shortly after publication of the end-May condition figures. Selling was checked at this level by reports of renewed rains in the southwest, however and there were rallies during today's later trading.

The weekly report of the Weather Bureau said that the crop had made better progress over the entire belt, and a marked improvement in some sections. There was selling early today on reports that some of the southern cotton yarn spinners had decided to curtail their production by one third.

Otherwise, reports of short time in textile manufacturing has referred chiefly to the woolen mills, but business in cotton goods at first hand has been quiet and reports from Manchester have been a factor on the decline. Domestic mill consumption of cotton for May amounted to 541,089 bales against 478,934 last year.

New York Cotton

New York, June 18.—An early decline on the bearish trade news was followed by sharp advances today owing to reports of rains in central and western sections of the cotton belt. October contracts sold up 5½ net and closed at 34.50 with the general market closing steady, net unchanged to 45 points higher.

After opening four points lower to five higher, active months sold 20 to 25 points below last night's final figures. There was some trade buying around 37.25 for July and 34.30 for October, which steadied the market, however.

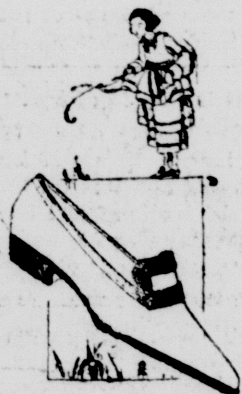

The market showed considerable strength during the afternoon. The

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

WILKINSON TO PITCH AGAINST DALLAS CLUB

Syd Wilkinson, star right hander from Cooper, has been definitely decided upon to pitch Sunday's game against the Dallas Federal Reserve Bank club. Snapp saw Wilkinson in action Thursday against Sulphur Springs, the game played at Cooper. Syd pitched a magnificent game against the hard hitting Sulphur Springs crew, holding them to three hits. One of these hits, however, was a homer, and Cooper lost the contest by a 1 to 0 score. Any pitcher who can hold this bunch of sluggers to three hits is bound to have something. Syd said the Dallas club does not fancy curve ball pitching and that is where Wilkinson shines. This boy has about the best curve ball seen at the local park in many a moon and possesses the knowledge of how to use it. Wilkinson is not only a corking good pitcher but is also quite a hitter, thus adding hitting strength

to the Snappers.

This Federal Reserve bunch, last year champions in not only their own league but also champions of all Dallas, are bringing quite a collection of semi-pro stars with them Sunday. These birds are now in first place again in their league and are going strong. The roster of the visiting club has on it many well known players, among them being Balliffant, who will be remembered for his excellent work in some of the Snapper-Leonard games last year; Taylor, a great southpaw pitcher; Hutton; Babe Erwin, known all over Texas as a classy ball pitcher; Stadden, Parrish and Dabney, three more well known semi-pro stars; Parrino, Watt and Gibson. These fellows have been playing regularly all year, are in excellent shape, and are coming to Paris with the firm belief that they can trim Snapp's ball tossers.

The Snappers are all set for the fray, and have added considerable strength by the addition of the hard hitting Lawson, who will play in the old position he craved most of the time when with Paris in the days of league baseball. Lawson and Shaw, biters of more than ordinary ability, will be flanked by Snapp, Cameron, Williams, Anderson, Jackson,

Hodges and Wilkinson. This combination provides speed, pitching, fielding and hitting. Any time Lawson or Shaw get hold of one they are liable to do the Babe Ruth act with the old pill. Lawson was perhaps one of the most popular men who played on the local club during the days of the old T. and O. league. Hickory might not have set the woods on fire with his fielding, but as a sniffer of the base hit Mr. Lawson was there. It will be worth the price of admission to see this old favorite in action once more, and he and Shaw should provide some hitting thrills for the fans. Looking this gang of Snappers over it is hard to see how they can lose and you can't make them believe that they will. The game will be called at 4 o'clock, with the usual tax at the gate. Be there—it will be a contest worth seeing.

Sour belching and a burning sensation in the throat is a symptom of indigestion, and indigestion leads to diseases that are serious. Take Prickly Ash Bitters, it corrects the digestive trouble, purifies the stomach and bowels and makes you feel good. Price \$1.25 per bottle. R. J. Murphy, special agent.

It's New And We Have It

A REPRODUCTION of the substance and spirit of the pianist's art, lacking only the physical presence of the artist—that, in brief, is the marvelous thing which science has achieved in the Ampico. Incredible, you say? Skepticism is natural perhaps in one who is familiar with the limitations of the ordinary "player piano." But the Ampico is not a player piano. It is a new musical instrument—a device whereby the art of the greatest pianists is made to live again as vividly as if they themselves were playing in person.

Later notice will ask you to hear this Ampico.

HENRY P. MAYER,
Music House.

PERSONAL

J. L. Richey has returned from Uvalde and the Corpus Christi country, where he spent several weeks for the benefit of his health.

E. C. Soule, wife and children have arrived from Washington, D. C., to make a visit to Mr. and Mrs. T. W. Perfect, the parents of Mrs. Soule.

Rev. W. T. Whiteside was in the city yesterday from Terrell.

H. Gulian and family of McAllen were in the city yesterday on their way to Detroit.

Robert Murphy has returned from a two-week vacation which was spent in Western Texas.

United States Deputy Marshal J. L. Satterfield was in the city yesterday from Sherman.

W. H. Douglas of Arthur City left yesterday afternoon for Delingerfield to see one of his sons, James Douglas.

Mrs. Jay Holloman and children are home from a visit to friends in Ardmore, Ok.

John Paxton left last night for Kansas City, where he goes on a business mission.

Taking Big Chances.

It is too much of a risk to depend upon neighbors or friends for medical aid in case of a sudden attack of bowel complaint. In almost every case, a person who has had cholera morbus that could easily have been avoided had the proper medicine taken at hand. Then think of the suffering that must be endured until medicine can be obtained. The safe way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be

depended upon. Buy it now. It only costs 35 cents.

Fish Destroy Mosquitoes.

By THE ASSOCIATED PRESS.
Austin, June 17.—Control of malaria mosquitoes by the use of small fish which eat the larvae is proving successful in the vicinity of Jacksonville, according to E. G. Egbert, assistant sanitary engineer of the United States Health Department, who reported results of the anti-malaria campaign in that vicinity. He said that reports show a reduction of approximately seventy percent in the number of malaria cases last year. Other measures are being employed in the campaign, he said, one of them being the purification of water supplies by the installation of a chlorination plant.

If you cannot eat heartily without an attack of indigestion, your stomach is weak. You need Prickly Ash Bitters. It is a fine digestive tonic. Besides, it rids the stomach and bowels of the impurities which make you feel bad. Price \$1.25 per bottle. R. J. Murphy special agent.

Beauty In Old Age.

You often see a beautiful old lady and she seems to be as happy as she is beautiful, for beauty and happiness depend largely upon good health. Indigestion or constipation to a great extent responsible when old age lacks beauty and happiness. This can often be remedied by taking Chamberlain's Tablets. They strengthen the digestion, invigorate the liver and move the bowels. This makes you feel better and look better. Try it. They only cost a quarter.

and call for Mr. House

SUMMER COMFORTS FOR THE WIFE

Why stew and fret over a hot stove during the coming hot weather when you can buy one of those—

NEW PERFECTION OIL STOVES

A New Perfection Oil Stove will fill all requirements, and does the work of a wood stove. It is more sanitary, does not throw out the heat, and above all is much more economical in operation than coal or wood or gas.

FIRELESS COOKERS, TOO

A fireless cooker is the housewife's delight, and after the first cost, the cost of operation is practically nothing.

Ice Cream Freezers, Water Coolers, Thermos Bottles

A big line of each. We have cream freezers from one quart capacity on up. Thermos Bottles in size from one pint and up. Water coolers in wood and tin and zinc, in the size you want.

Bathing Suits, Caps, Sporting Goods

A big and well selected line of bathing suits, caps, etc., and a full line of up-to-date golf and other sporting goods. Come in and make your selection from our complete line of anything in the sporting good line.

JOHNSON-BILLINGSLEY CO.

We give S. & H. green trading stamps with cash purchases

Ann Arbor "20"
Hay Baler

THE BALER FOR BUSINESS

All the latest ideas in Mechanical Construction—Rigid in Strength—No unnecessary parts.

The Ann Arbor Roller Folder makes a bale without a tail. It makes a bale smooth and even—not so bulky to handle. Requires less storage space.

Extra large feed opening and wider feeder-head allows larger input and greater output. The famous "grasshopper action" of the feeder-head, the slow shove into the chamber and the quick return permits the use of a larger feeder-head.

LEGAL NOTICES.

NOTICE is hereby given that application will be made by the undersigned at the next regular meeting of the city council of Paris, Texas, for a franchise to use a certain portion of the sidewalk and under the sidewalk abutting the property of J. N. House at the southwest corner of Clarksville and 23rd streets in the city of Paris, for the construction and operation of an underground gasoline tank, same to be constructed and operated in all respects as required by the charter and ordinances of the city of Paris. BOST & CROSS.

Failed to Appear.

Yesterday was the regular term for the Justice's court at Chilota and Assistant County Attorney Benton Fisher went up to represent the state in misdemeanor cases. Constable Ed Bent accompanying him.

A number of cases were expected to be tried, but the defendants all failed to put in an appearance, for some reason or other, and the bonds of some of them were declared forfeited.

Injunction Hearing Passed.
The application for a writ of injunction which was filed by S. S. Spears against the Paris Warehouse and Compress Company a few days ago for the purpose of restraining the defendant from erecting sheetiron walls around the plaintiff's property on South 20th street, came up for hearing yesterday morning before District Judge A. P. Deloney in chambers.

Upon a showing made by the defendant that there was no immediate intention to build the walls as alleged in the plaintiff's petition, the court ordered the temporary injunction dissolved and passed the case or further hearing in the event that necessity should arise.

Remember our special offer of a pair of trousers free with each suit and 10% off regular price. Buy a suit now and save money. Southern Woolen Mills, 34 Bonham St. L. W. Dennis, Mgr.

Mrs. Eulalia McAdams Now Weighs One Hundred and Thirty-Three And Is Well And Strong

"I WAS ALMOST IN DESPAIR," SHE SAYS

Declares Tanlac Has Built Her Up Wonderfully Besides Relieving Her Of A Severe Case Of Indigestion

"I have taken six bottles of Tanlac since January of this year and the way it has built me up is nothing less than wonderful," said Mrs. Eulalia McAdams of 260 Maple street, Little Rock, Ark.

For a long time," she continued, "I had stomach trouble and suffered beyond words to tell. For months I was in perfect agony and ate so little that I was simply starving. I lost weight until I weighed only eighty-five pounds and there seemed to be no help for me. I suffered such awful pain from the gas on my stomach that I could hardly stand it. My nerves became badly shattered and

Rain Was Beneficial.
The rain which fell in Paris between midnight and daybreak yesterday morning extended to all parts of the county as far as could be ascertained, as well as many miles beyond in every direction.

It was conceded on all sides that it came at an opportune time and would be of great benefit to the crops, although there are some farmers who have not quite caught up yet with chopping their cotton and would have preferred that the rain stay off a little while longer.

The rain was accompanied by a slight wind that blew down some corn south of the city near Biardstown, but it was said that it would straighten up, and that no damage would result.

\$225 will buy a beautiful \$650.00 mahogany dining room set at D. H. Baker Furniture Co., 29 Grand avenue.
